

PROGRESSIVES ARE PRIMING FOR FIGHT

Reports From the Various
States Express Note of
Optimism.

An optimistic view of conditions in the country over with respect to the Progressive party is taken by various State chairmen and national committeemen. In response to requests from Chairman Hinebaugh, of the Progressive party congressional committee, the State chairmen and national committeemen have advised headquarters here of conditions in their sections.

Mr. Hinebaugh today gave out a statement embodying extracts from letters of State chairmen and national committeemen which he has received. The statement follows:

"We are gratified, indeed, by the reports received from our national committeemen and State chairmen.

"These reports are conservative, made by men who know local conditions, and are based upon a careful estimate of all conditions bearing upon the subject. "From our national committeemen in the State of Maine comes the statement: 'There is no question in my mind, but what we have more than an even chance of winning in the State of Maine next fall.'

"From Vermont comes the information: 'We have more than an even chance of carrying at least three Congressional districts.'

"In Massachusetts we are told: 'Our party is well organized and under able leadership. We will carry several Congressional districts.'

"From Minnesota comes the word that: 'We intend to put candidates for Congress in every district in the state. We further intend to put up a strong State ticket.'

"Illinois: 'We are well organized, and will have candidates for State, county, and Congressional tickets.'

"North Dakota: 'We are working as rapidly as possible to obtain county organization and the response is most encouraging. The only standpaters we find are the officeholders and their political relatives.'

"Iowa: 'We intend to make a fight all along the line, and no doubt we shall have a large measure of success as a result. We shall have a candidate to fill the vacancy caused by the death of Congressman Pepper, in the Second district. We can certainly make a good showing and may possibly elect a Congressman.'

"Pennsylvania: 'We wish you all sorts of success. Our State will be very thoroughly organized.'

"Wisconsin: 'It is our intention to prosecute a Progressive campaign in every county in the State this fall. We know of no depletion from our ranks as established in the last campaign.'

"Michigan: 'We appreciate the importance of holding our own foot of ground that we have won. We expect to have full Progressive tickets all along the line. Roosevelt beat Taft 62,381 votes. We will do better next time.'

"California: 'I thoroughly agree with the idea that there should be a Progressive Congressional candidate in every Congressional district. No State who claims to be a Progressive has any right to expect Progressive support unless he runs as the Progressive candidate.'

"It will be seen from the above that our chances for a red-hot fight in the coming campaign are exceedingly bright."

BYRNES MUST TEST RADIUM FOR A WEEK

Police Captain Confident
Mineral Will Halt Ravages of
Cancer on His Lip.

Not for another week will it be possible to forecast what effect the radium treatment is having in checking cancer on the lip of Police Capt. Michael Byrnes, of the Sixth precinct.

Captain Byrnes has been suffering from cancer for more than a year, and it has eaten away a part of his lip. If the radium, which is being administered by Dr. Truman A. Kelly, is said to be the only Washington physician in possession of a quantity of the precious mineral, successfully checks the disease, it will prove a striking example of the effectiveness of the radium treatment for cancer.

The radium was placed in Captain Byrnes' throat in a small glass tube several days ago. He is at his home, 164 Sixth street northwest, and is highly confident of the success of the treatment.

Members of the Police Department are taking much interest in the case, as Captain Byrnes, as well as being one of the veteran members of the department, is one of the most popular commanders on the force. Many friends called today to inquire about the progress of the treatment and to wish him a speedy recovery.

In spite of the fact that the captain had been suffering from the disease for a year, he remained constantly on duty until a short time ago, when he was obliged to take a leave of absence. When he read of the success which the radium treatment is said to have had in the case of Congressman Bremer, he decided to try the new treatment, and through his physician, Dr. G. Lloyd Magruder, he arranged to have Dr. Kelly apply the radium at his home here.

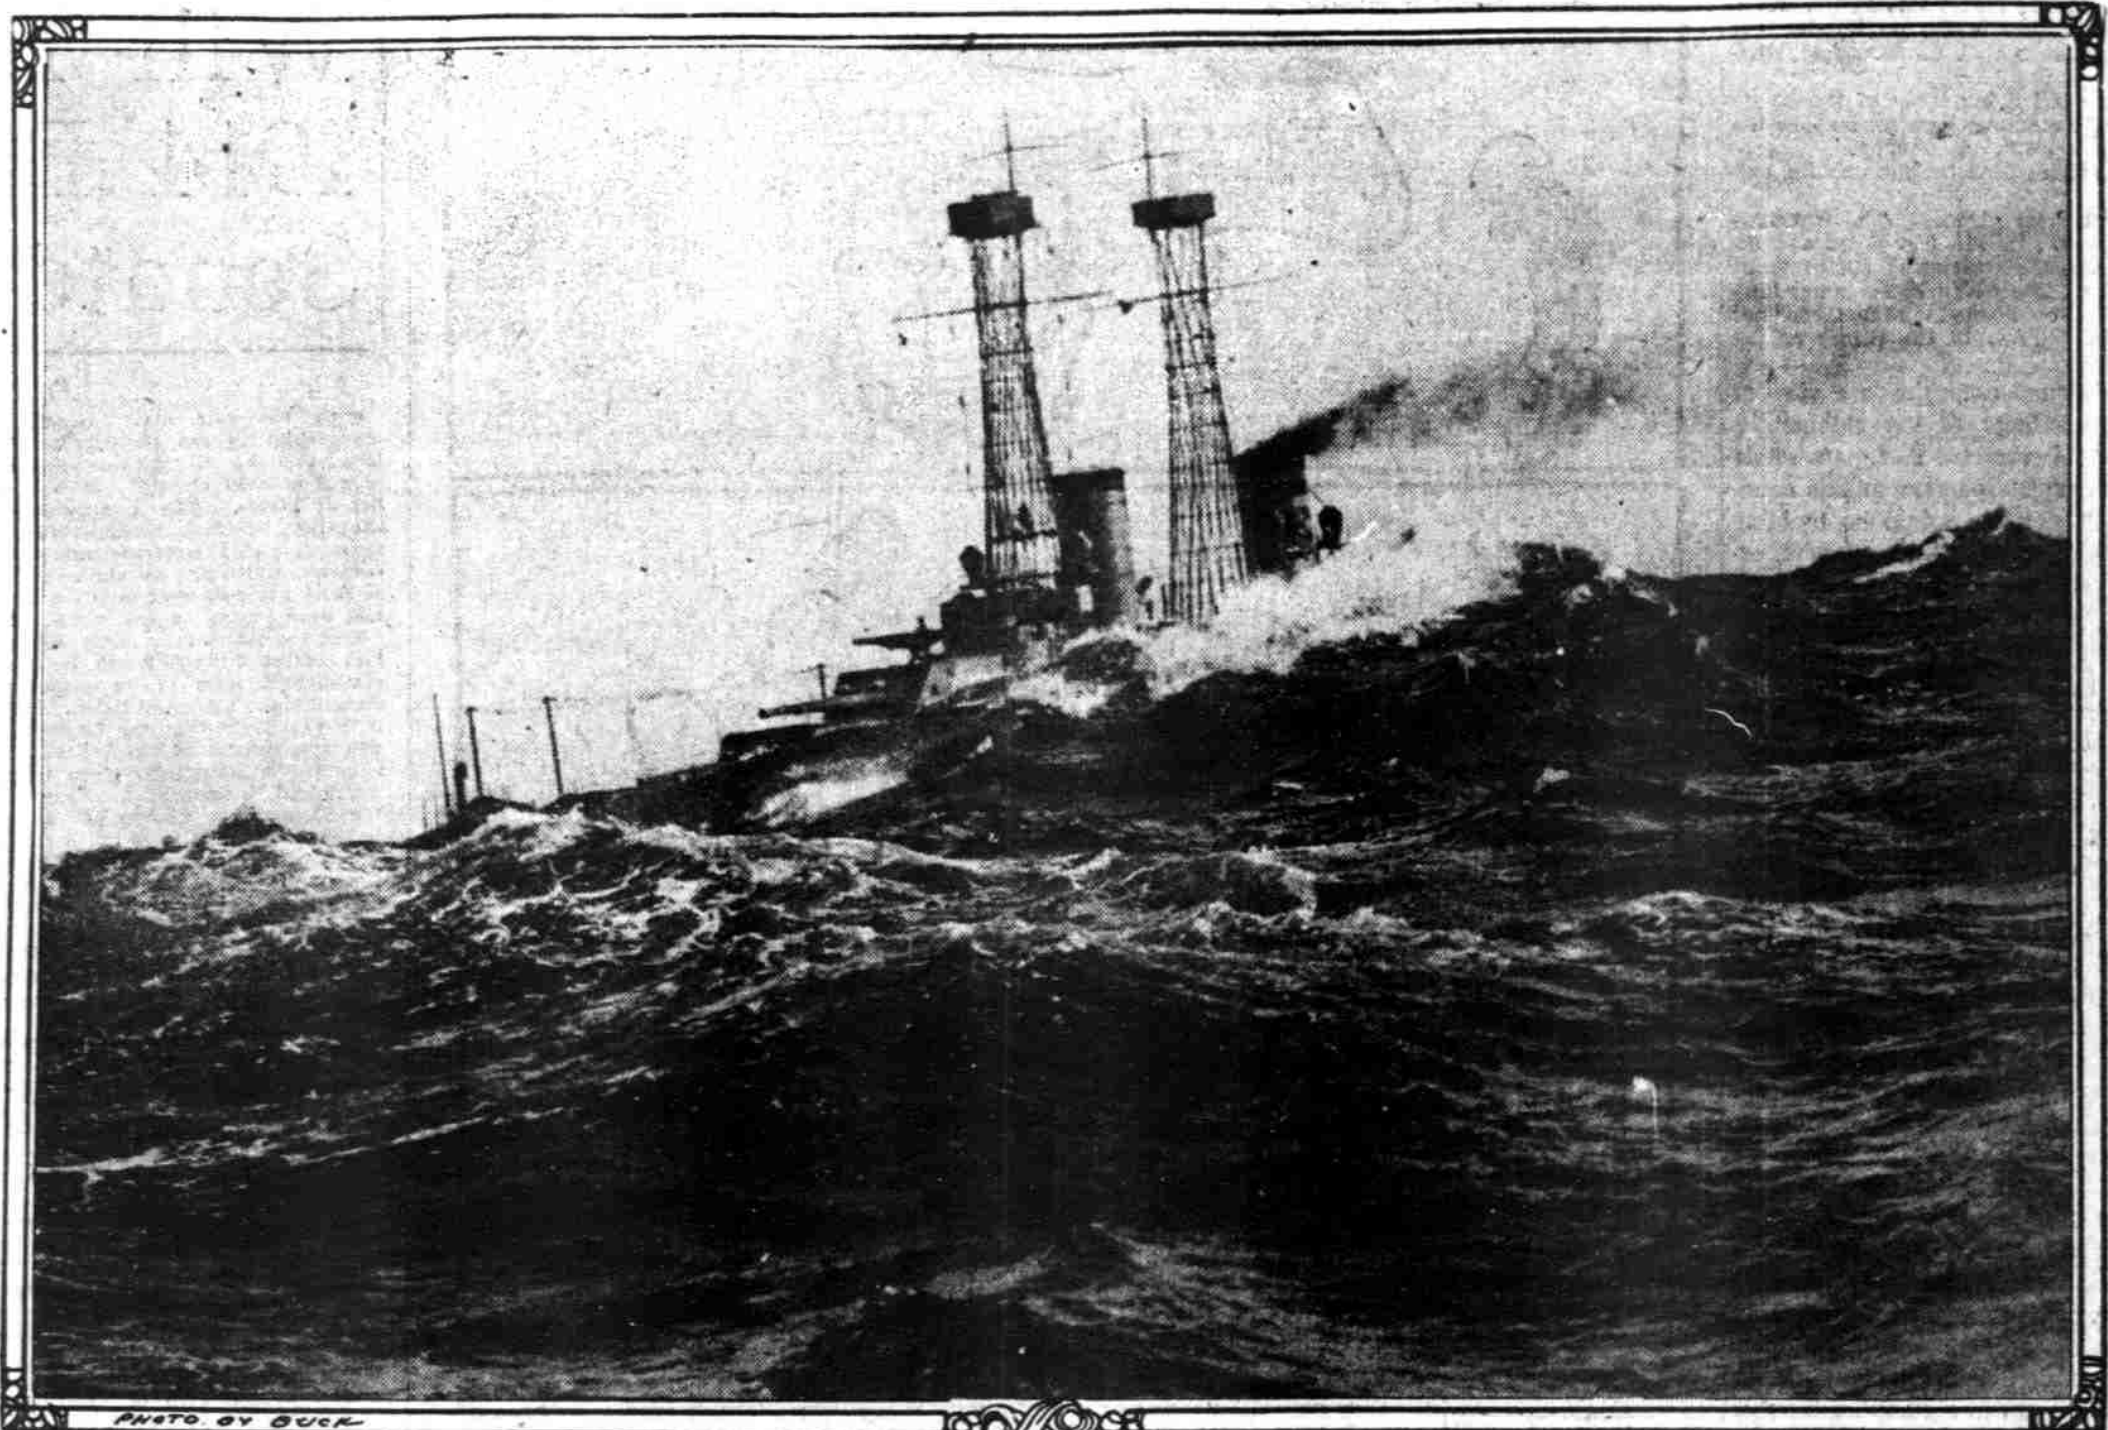

Washington physicians have been invited to attend a lecture on radium to be given this evening at the home of Dr. Sophie A. Nordhoff-Jung, at 122 Connecticut avenue, by Dr. Howard A. Kelly, Baltimore physician, whose radium cancer cure has brought him national prominence.

The operation performed on Congressman Bremer of New Jersey by Dr. Kelly for the cure of cancer by radium treatment will be outlined by Dr. Kelly in describing the scientific method of treatment.

The lecture will be given under the auspices of the Women's Medical Society of Washington of which Dr. Nordhoff-Jung is president. The twenty-two practicing women physicians of Washington who are members of this society will attend, and in addition the most prominent male physicians will be invited guests.

Dr. Kelly's visit to Washington, it is believed, will add to the interest around the efforts of Secretary of the Interior Lane to procure legislation that will conserve the supply of radium by withdrawing from entry lands containing radium-bearing ore.

MISS SCHENCK DEAD, BUT SUIT GOES ON

Judge Orders Wilson, With
Whom She Eloped, to Defend
Breach of Promise Action.

NEW YORK, Jan. 6.—With Florence Schenck dead and her funeral to be held tomorrow in the home of her father, Dr. Powhatan Schenck, in Norfolk, Va., so long closed to her, the woman's suit for breach of promise against Charles L. Wilson, manager of Alfred G. Vanderbilt's stables, came up and Supreme Court Justice Gavegan denied Wilson's application for its dismissal.

Wilson asked that the case be thrown out because she was a married man when he asked Miss Schenck to marry him. Miss Schenck's complaint told of her elopement with Wilson after they met in Virginia in 1907, and the revelation that he had another wife. They went to London together and Miss Schenck said Wilson told her his wife had divorced him, and that he married her in the registrar's office, in Paddington, London.

In the belief that she was Wilson's wife she took an ocean journey for her health and heard Wilson had again married in New York. He cut off her allowance and told her, she says, that their marriage in London was illegal. The young woman's friends came to her rescue and brought her to New York. She was ill on her arrival and continued so. Her father's forgiveness came on her deathbed. Judge Gavegan said in his decision: "The plaintiff had a right to her personal security, which was violated by

defendant's wrong in falsely and fraudulently inducing her to enter into a contract which he knew he was unable to perform."

He declared the case should go to a jury, and that whether Wilson would be able to refute the charges was another matter.

"To hold that he should not even be required to answer such allegations," Justice Gavegan declared, "would be, in my opinion, not merely an error of law. With the facts alleged presumed to be true it would be denying justice to a woman and placing a premium on the perfidy and infamy of a man."

Wilson's attorneys on hearing of Miss Schenck's death asked Justice Gavegan's leave to dismiss the case, but the other attorney replied that the question was for Dr. Schenck, her father, to decide.

Smallpox Breaks Out In Reserve Station

Smallpox in virulent form has broken out at the naval reserve station at Guantanamo, Cuba. Nine severe cases and twenty-five milder cases were reported today. Secretary of the Navy Daniels will order Admiral Badger to proceed directly to Cuba with the five battleships of the Atlantic fleet, which were scheduled for practice maneuvers at Guantanamo. No new cases have been reported on board the Ohio, and the smallpox patients in the isolation camp at Guantanamo, who were landed from the Ohio, are reported "doing well."

Buy or Die.
NEW YORK, Jan. 6.—Refused a drink, West Side gunmen, six of them, shot and killed John Murphy, bartender, with one volley. All but two escaped.

SENATORS PREPARE FOR BUSY SESSION

Committees Are Faced by Full
Calendars of Accumulated
Business.

Beginning next Monday, Senate committees, which have been idle for many months, will begin to grind. All through the special session of Congress, the committees, with the exception of the Finance Committee and the Banking and Currency Committee, were idle, as far as the transaction of general business was concerned. Occasional meetings were called to take up some special subject, but general business was delayed.

This has resulted in heaping up a lot of work and each of the important committees has a calendar full of business. The Senate district committee is expected to meet a week from next Friday to consider some of the important bills.

One of the important questions which will come before the District Committee is Senator Norris' puts in his telephone rate bill will be a consideration of the local telephone situation and whether to fix rates here or allow the rates to be treated by the Public Utilities Commission.

The first day of the session will be marked by the introduction of one or more resolutions for an investigation of the Calumet strike situation. These will be referred to the Education and Labor Committee.

The Alaska railroad bill will be taken up for discussion next Monday. Senator Thomas has given notice that he will speak then on the question of an international monetary conference on silver.

COUNT FIFTY! NO SORE, LAME BACK

Rub Backache away with a
small trial bottle of old
"St. Jacobs Oil."

Al! Pain is gone!
Quickly?—Yes. Almost instant relief from soreness, stiffness, lameness and pain follows a gentle rubbing with "St. Jacobs Oil."

Apply this soothing, penetrating oil directly upon the ache, and like magic, relief comes. "St. Jacobs Oil" is a harmless backache, lumbago and sciatica cure which never disappoints, and doesn't burn the skin.

Straighten up! Quit complaining! Stop those torturous "stitches." In a moment you will forget that you ever had a back, because it won't hurt or be stiff or lame. Don't suffer! Get a small trial bottle of "St. Jacobs Oil" from your druggist now and get this lasting relief.—Adv.

Forestry Experts To Meet Here Soon

A president, twenty-one vice presidents, a treasurer, an auditor, and five directors are to be elected at the annual meeting of the American Forestry Association to be held in Washington January 14. Plans for an active campaign for forest conservation in 1914 are to be launched.

Resume Hearings Wednesday.

Hearings on the 5 per cent horizontal rate raise asked by railroad in the Eastern territory will be resumed by the Interstate Commerce Commission

Reduce Fat Without Torture

Fat people are suffering daily tortures and running daily risks in frantic efforts to reduce by the old heart-rending, nerve-racking methods. How much better it would be to accept the knowledge and experience of the thousands of happy people who reduced their overfat bodies, found and kept slimness through the now famous Marmola Prescription Tablets. Nearly everyone knows of this simple, harmless specific for overweightness which reduces at the rate of 10 pounds or more a day, leaving the body symmetrical, the skin smooth, the complexion clear and the bodily health perfect without dieting, exercise, dangerous experiments or self-denial of any kind. Visit your druggist today and take five to ten Marmola Co., Farmer Bldg., Detroit, Mich., for a quantity of these sure, safe, convenient little tablets, sufficient to start you well on your way to the coveted goal—slimness.—Adv.

Acid Stomachs Extremely Dangerous

Nine-tenths of All Stomach
Trouble Due to Acidity

Physician's Advice on Cause and Cure.

A famous physician whose successful researches into the cause and cure of stomach and intestinal diseases have earned for him an international reputation, said in the course of a recent lecture that nearly all intestinal troubles, as well as many diseases of the vital organs, are directly traceable to acid stomach. Such condition is due nine times out of ten to excessive acidity, which not only irritates and inflames the delicate lining of the stomach, but causes gastritis and stomach ulcers as well. Acid, he says, should only be in the stomach when food is there and when a person has the slightest suspicion that anything is wrong they should at once secure a remedy, for the acid multiplies and accumulates so fast that it is only a short time until it eats through the stomach walls, causing ulcers, cancers and death. Too much acid affects the intestines, as well, and causes gastritis, indigestion and numerous ills emanating from a deranged condition. He condemns the use of patent medicines and drugs as they only increase the suffering, and advises the use of Marmola Prescription Tablets, by neutralizing the acidity of the food, removes the source of the trouble. Both he and his colleagues have obtained remarkable results from this simple preparation. He says that it is as foolproof to treat the stomach without removing the source of the trouble as it would be for a man who stepped on a tack to rub liniment on the foot without first removing the tack. Remove the cause and the foot will heal—neutralize the acid and stomach troubles will disappear. Irritating medicines and medical treatments are useless, so long as the contents of the stomach remain acid. Remove the acidity and there will be no need for medicine—the inflamed lining of the stomach will then heal itself. Blurred vision, headache, nervousness, acidity, heartburn, indigestion, sour stomach, in the morning, and all troubles arising from this condition. Procure a small bottle from your druggist and take half a teaspoonful in a glass of water after each meal, repeating in fifteen minutes if necessary. This will be found to give quick relief in all cases of the severest or mildest condition of stomach acidity and makes a pleasant, inexpensive home treatment.—Adv.

THIS COUPON IS WORTH 2c

When signed and accompanied by 8 cents, it is good for any 10c CONNECTICUT PIE at any dealer's, if presented on Thursday, January 8. Presented by
